

Bayou Saint John Urban Marsh Tracking Sheet

Team Members: _____

Instructions: Use the materials provided to complete the tracking sheet. If there has been no change in a specific category, write “no impact.” If there has been a change for the positive (for example, a return of marsh birds) write “improved.” If there has been a negative impact (for example, the introduction of a non-native, invasive species) write “impacted.”

Timeline for Project (refer to reference materials): _____

Cost of Project (refer to reference materials): _____

Water Quality	No Impact/Improved/Impacted

Wetland Size	No Impact/Improved/Impacted

Types of Plants Present	No Impact/Improved/Impacted
<u>Seeding (planted by volunteers - Baseline Plants):</u>	
<u>Natural Recruitment (not planted by volunteers):</u>	

Animals Present	No Impact/Improved/Impacted

Weigh-in:

How has the marsh developed over time?

How much of the development can be attributed to the work of humans? How much is the result of natural processes?
