

# The What, Where, and Why of Marine Debris

Team Members: \_\_\_\_\_

Topic	Answer	How do I know?
What are the typical types of marine debris?		
Where do we find marine debris?		
What happens to marine debris as it enters the waterways?		
Why is marine debris harmful?		

Weigh-in:

Share your thoughts on how marine debris ends up in the environment.

Make an argument for how you think we can reduce marine debris in our waterways.

What other information might have helped while making your argument?
